DID YOU KNOW

Valentine's Day is a time to celebrate love and romance. The origins are believed to have stemmed from ancient Rome. The Romans celebrated the feast of "Lupercalia" from Feb 13-15, where they sacrificed animals, whipped women with their hides and also included a matchmaking lottery. The name "St. Valentine's" day may also have originated from that time. On Feb 14, Emperor Claudius II executed two men whom where both name Valentine. The Catholic Church later recognized this martyrdom with the holiday St. Valentine's Day and since then the holiday has taken on a whole new meaning.
